

Hess Family Beautiful Puppies

Where are we?

Tucked away out here in the small town of Russell, Ma just off of Rt 20, we breed and raise pups. We are not a pet store, we do not have regular hours and neither do we have puppies all the time however we welcome you to give us a call and we will see what we have or what we are planning for in the near future. These pups are in high demand and go quickly.

When can you visit?

We welcome visits by appointment most weekday afternoons and most Saturdays. Our birthing center is a clean and healthy environment and in our ambition to maintain we ask that you let us know if you have been in contact with any other sick animals before coming in... we may ask you to wear booties and sanitize your hands, or we may choose to meet you somewhere outside depending on the situation. Thanks for your understanding...

About the parents:

Our parent dogs have all been DNA tested for potential Genetic disease and we only breed healthy dogs... the health of the parents is monitored daily.

About the puppies:

All puppies will come to you with a doctors health certificate, all shots up to date and a one year genetic health guarantee

What Breed Puppies do we have?

- Mini and mid size Goldendoodles
- Mini and mid size Bernedoodles
- Toy Poodles

What size puppies do we have?

We breed two sizes in the Goldendoodles and Bernedoodles

- The minis 18-25 pounds are good with children and families, older folks love them, they do just fine in smaller homes or apartments and small yards.
- The mid-size 25-35 pound are a great choice for larger homes and outdoor spaces, for the avid athlete and great with families!
- Both sizes are perfect and mostly you will get to choose based on your preferences

We look forward to meeting you and finding just the right puppy for you and yours!
